Better Imaging for Children, Better Imaging for the Future

In-One Kim, M.D.

Professor Emeritus, Seoul National University, Seoul, KOREA.

Dear AOSPR colleagues,

On behalf of Korean Society of Pediatric Radiology, I have the honor and privilege to write a welcome message to 6th issue of the Asian Oceanic forum for Pediatric Radiology.

In this issue, we included 10 excellent presentations that were awarded in AOSPR 2019 held in Seoul, Korea.

Reminding the Seoul AOSPR meeting, we had a great time sharing our knowledge and friendship, and enjoyed Seoul as well. We had 203 international participants from 27 countries including 47 invited guests. I deeply appreciate all the attendants and organizing committee members for such vivid participations to achieve another step of a very successful meeting after the previous AOSPR Seoul meeting in 2003.

Out of 124 presentations, 4 oral and 8 e-poster presentations were awarded. And special thanks to the authors for the generous acceptance of our invitation and the outstanding contributions.

Just as the theme of AOSPR 2019 meeting, we hope these presentations contribute for the better imaging for the children and the future.

I also thank for the enormous works of the members of Editorial Board and webmasters to make this forum possible.

Please enjoy the forum!

Korean Editorial Team

Dr In-One Kim (Congress President, AOSPR 2019)

Dr Ji Hye Kim (Secretary General, AOSPR 2019)

Dr So-Young Yoo (Academic Secretary, AOSPR 2019)
